Coming Next Week, "The Cohens and the Kelley's".

## Local Bonspiel Big Success

The local bonspiel started with a bang on Tuesday morning January 25, with twenty rinks enrolled. The ladies are fairly well represented throughout the different rinks. Three competitions are being played with generous prizes in each instance. The final games in each competition are expected to be played off on Thursday after which a carnival and dance will draw the event to a close. The Women's Institute are serving meals during the three days.

Miss R. Smith is visiting Miss May Ulrich at McLeod.

Mr. Floyd Tekeye, of Carmangay, visited for a few days with his mother, Mrs. T. Sison.

Mrs. J. Archibald has opened a beauty parlor in Carmangay, going there two days in each week.

There will be a Valentine dance on February 11. Watch for posters.

Don't forget that until further notice the picture show will start at 8 o'clock.

Miss Thelma Williamson spent the week end in Lethbridge, as the guest of her sister, Mrs. J. C. Anderson.

We're In The Navy is one of the the biggest laugh pictures ever brought to Champion theatre.

Mr. and Mrs. H. Johnson, left Monday for Calgary, where Mrs. Johnson will undergo medical treatment.

R. N. Woodhouse arrived and on Monday night that his father was very low at Hartney, Man., and left for the east on Tuesday morning. He was called so hastily that it was impossible to make any arrangements for running the paper outside of what has been done. Readers will understand the situation.

Miss Leila Goodnight underwent a double operation in Calgary on Monday morning January 24, when she had her tonsils removed following an operation for appendicitis. The patient is doing as well as can be expected and has the sympathy of her many friends.

Little Miss Beverly Roberts of Barons underwent an operation on her ear, on Monday January 24, in Lethbridge. Beverly's trouble followed an attack of the measles, after which complications set in. A speedy recovery is hoped for the little tot.

McCullough Bros. sale, which ends on Saturday, has been the most successful of their many annual clearance sales. The staff has been busy almost every day of the three weeks the sale has been running.

Vulcan junior hockey team, last to the locals by 3-1, in a well played contest on Saturday afternoon. Lohiem and Wray starred for the Champion team, their splendid defence proving to stiff for Vulcan. J. M. Moffat was the referee.

Lorne Parker, caretaker of the curling rink, has discovered a new method of pebbling which threatens to replace all former ideas in this line. Experts in this line are being invited here to go into the matter.

The local picture show continues to enjoy an enviable popularity with the public at large, large audiences being present at every presentation. The managers are to be congratulated on the splendid pictures they are presenting.

## Makes Big Hit At Stavely

Cherryblossom was greeted by a crowded house at Stavely on Friday evening, the large hall being too small for the large number in attendance during the evening. The members of the company naturally excelled themselves under such favorable conditions, and at many times had to wait for the applause to subside before proceeding with the play. As a result of the visit to Stavely, several invitations to put the musical comedy at other points have been received by the management, but it is doubtful if further engagements will be undertaken at the present time.

Other attractions interferred considerably with the whist drive and dance sponsored by the O. E. S. on Wednesday evening of last week, but while numbers were lacking those who attended spent a thoroughly enjoyable evening. The winner of the lady's first prize was Mrs. Jas. Harper, of Calgary, while Fred Clever had the high score among the gentlemen, the consolation going to Mrs. W. C. Hoskins and E. Aultman. F. Clever and A. Hunt supplied splendid music for the dance, being assisted by Mr. Patrick with the saxophone.

Two rinks from Champion, skippered by F. J. Clapp and J. S. Collins, visited Blackie Thursday, January 26, as challengers for the Canadian cup and, if it had not been for the fact that the Blackie rinks, skippered by Dr. Burley and W. Wellman scored the most points, would have brought the cup home with them. However, as everyone does who visits Blackie, the boys had a fine time and were royally entertained. A defeat at Blackie always has its compensations.

The Champion team took the short end of a 3-1 score at the rink here on Thursday evening last. There was a good attendance considering the fact that this was the coldest night of the year and the brand of hockey put up justified the turnout. Cecil Wray, on defence, was the outstanding local player, but all Carmangay team deserved their win for which they worked hard. Future meetings of these teams will be looked forward to.

A record of the car sales made by A. Kramer, of the Champion garage, which appears elsewhere in this issue, is very gratifying indeed, and as a result Mr. Kramer has plans in hand for the doubling of the floor space in his garage, which provides the only heated accommodation in town. There is no reason to doubt the enlarged premises will be fully utilized by customers of the garage.

Extensive improvements are under way in the Savoy Hotel. A refrigerator is being built in the beer room and the old bar, including the large piano, will be moved to the Savoy Cafe. When completed the changes should make service of patrons much more convenient to the staff.

Very low temperatures were reached this week, culminating with from 30 to 36 degrees below zero on Thursday night. On Friday morning a change occurred and by noon the weather was quite mild. At the coldest point there was no wind and little discomfort was experienced.

A mild type of "flu" has been prevalent in this vicinity for some time and a large number of people have been confined in doors for short periods. There has been no fatalities, the disease being more like a bad cold than the "flu" of 1918.

## Just Arrived

New Samples for Spring and Summer from the Dress-Swell Tailors of Toronto.

A new development for 1927—**The Bearcat Line.** Just think of it! A Suit or Top Coat, made to your measure for **\$26.50.** You have to see these samples to judge the quality of these suits at the low price of them.

Special discount on Top Coats ordered now and take delivery any time up to May 1st. We're out to do the biggest business in Top Coats we ever did, and also to keep our tailors busy during the winter months. So by planning ahead you can earn big dividends on a small investment. Now, for instance, you select :

Clot No. 7274.....\$31.00  
You invest the deposit.....8.00  
You save.....3.10  
or 39 per cent on month on \$8 invested,  
or 468 per cent per annum.

Not so bad, eh! Too bad you can't invest a few thousand at that rate. You could stop work and be sure of becoming a millionaire before you are too old to enjoy it.

Advertisements of Wanted, Lost, Found, Strayed, etc., not exceeding one inch, 50 cents for first insertion, 25 cents for each subsequent insertion.

Commercial rates on application.

THURSDAY, JAN. 27, 1927

## NOTES AND COMMENT.

Mr. Geo. N. Johnston, member of the Legislature for Coronation, has been selected by his fellow U. F. A. members as speaker of the Legislature, to succeed Hon. O. L. McPherson, who recently succeeded Hon. Alex Ross as Minister of Public Works in the Alberta government. Mr. Johnston's formal election will take place when the Legislature meets on February 10. Mr. Johnston was born in Wingham, Ont., 43 years ago and was educated there and at the London, Ont., Collegiate. He taught school for a time in Ontario, then came west in 1905, attending the normal school at Regina. He taught for some time and also homesteaded in Saskatchewan and in 1910 took up a homestead south of Consort, Alberta, where he at present resides. He has been a prominent member of the Legislature and was last year chairman of the committee on redistribution.

The United Farmers of Alberta are developing political aggressives rapidly. Their latest idea is to curtail the premier's right to demand dissolution without submitting the matter to the house of parliament or the legislature. No doubt they must be right in this, because they are always right. But why should the attention of the U. F. A. be devoted so largely to technical matters of this kind? Is it because there is nothing left in the field which they might reasonably hope to accomplish which would have some direct benefit to agriculturists in this province? They submit to two lawyers in the cabinet but still would like to handle the legal end of all matters themselves, particularly when parliamentary procedure is in question.

The Wheat Pool sells grain on a strictly business basis, George McIvor, western sales manager, told the U. F. A. annual convention. Vancouver deliveries were at a discount while Atlantic seaboard wheat brought a premium during October and November of last year. This was because of the British coal strike and the demand of British millers for quick deliveries. The Alberta Pool wants to ship via Vancouver port but not at the expense of the Alberta wheat producer.

O. L. McPherson, director of the Alberta Wheat Pool from Claresholm, resigned his directorship on Tuesday. He has been appointed Provincial Minister of Public Works.

The Alberta Wheat Pool had a booth at the U. F. A. convention in Edmonton and supplied literature to all seekers of information. A sample of Herman Treille's prize-winning wheat was exhibited in the booth.

The Winnipeg Free Press insists that the Hudson's Bay Railway must be finished before the end of 1927 if the government is to keep faith with the people of the West. While we are much more concerned here with the outlet to the West, there is no doubt that the government stands pledged to the completion of the Hudson's Bay route, and it is quite possible that the end it would prove the most popular grain route, even from Alberta.

## Opportunity to Tree Planting

(Winnipeg Free Press.)

The tree planting movement in the prairies is growing steadily stronger and a great advance will be made this year over any year in the past, according to the number of applications for trees from the forestry stations as reported from Ottawa. Five million trees were planted in 1926, and applications for 1927 are received eight million for this year.

The increase is due, in considerable measure, to the great educational campaign which the Canadian Forestry Association has carried on with greater intensity than ever during the last year or two. It is also due to the demonstration seen by Prairie farmers in general of the advantage of tree planting and the value of the windbreak which trees supply has been very apparent.

It is quite possible that the great spurt in tree planting which is in prospect this year is also due in part to another factor—to the new spirit of the western farmers and their up-and-doing mood.

The planting of trees about the farm buildings is the first consideration. In the future, attention should and doubtless will be given to avenues of trees along the roads—the main highways and also the other roads. Rural parts of Ontario are greatly beautified with such avenues of trees, and they would make a great transformation in the prairie country.

Tree planting in the west generally makes the surroundings more attractive, is of distinct service, and in time should have a beneficial effect on the climate.

For the sake of the effect upon the climate and the rainfall the west has reason to be interested, also, in the protection of the natural forests from fire and also from over-cutting.

For the first time in its history the annual convention of the Canadian Co-operative Wool Growers, with headquarters at Toronto, will meet in the west this year, Lethbridge, Alberta, having been selected as the place of meeting, at the end of March.

Application has been made by the Alberta Department of Health, for a supply of the new narcotic drug cure known as Narcoas. This wonderful new medicine has been used successfully in certain institutions for the curing of the drug addicts and has also been found beneficial in the treatment of alcoholism. There are a few patients at present under treatment in one of the government institutions, and it is the desire of the Minister of Health to put at the disposal of the authorities of this institution, if at all possible, a supply of the medicine in order that these patients may have the full benefit of the new discovery and in order that a complete test of its merits may be made.

## FASCISM FOR ITALY APPROVED BY CHURCHILL

Rome.—Warm approval of Fascism as applied to the people of Italy was expressed by Winston Churchill, British Chancellor of the Exchequer, in a statement given to the newspaper correspondents. The chancellor, like Sir Asquith Chamberlain, British foreign secretary, came to Rome to see for himself the actual working of Fascism and to meet with Premier Mussolini, Finance Minister Count Volfi, and other Fascist statesmen.

In one part of his statement, Mr. Churchill said:

"It is an English I can certain I would be with you in the cause until the end in your victorious battles against the bestial appetite and passions of Leninism."

"But in Great Britain we have yet to be won over to what I think must be done in Italy. We have our own methods of dealing with such things. But on one subject I have no doubt whatsoever—that we are united in the fight against Communism abroad."

In a speech to the United States audience toward Europe the British watchdog of the treasury had this to say:

"An estimate like that of Lecompte is not possible. The record does not reflect the number of members of any party who aligns himself with the general structure of the League of Nations and facilitates the development of that vital instrument. And the United States cannot very well much longer remain abed."

## Editors Appoint Delegates

Saskatchewan to Send Delegates to Meeting of Directors of Canadian Association in Toronto

Regina.—At a meeting of the directors of the Saskatchewan division of the Canadian Weekly Newspaper Association held at the Hotel N. W. Yorkton, and S. J. Dorman, Alameda, were elected to go as delegates to the meeting of directors of the Canadian Association, Toronto, February 25.

Several matters of importance to the Association were discussed at the meeting. The report of the committee which recently interviewed the Saskatchewan delegation to the N. W. Yorkton, and S. J. Dorman, Alameda, were adopted. The nature of the report was not for publication. S. J. Dorman, secretary stated, owing to the fact that the Government had not taken up the matter in question.

## Liberal Party Accepts Lloyd George's Offer

Large Sum Has Been Placed at Their Disposal

London.—A capital sum of £200,000 and an annual sum of £50,000 will be placed at the disposal of Liberal headquarters as a result of the party's offer of financial assistance, according to The Daily News. The assistance will enable the party to present a full line of battle in the way of candidates in the next general elections.

Lloyd George insists his present offer is conditional upon the appointment of a new financial committee—consisting of the Amalgamated and Canadian factions of the party.

### New Grain Inspection Point

Moose Jaw.—Moose Jaw is to be a grain inspection office, a £40,000 sum will be placed at the disposal of Liberal headquarters as a result of the party's offer of financial assistance, according to The Daily News. The assistance will enable the party to present a full line of battle in the way of candidates in the next general elections.

Lloyd George insists his present offer is conditional upon the appointment of a new financial committee—consisting of the Amalgamated and Canadian factions of the party.

### Confederate Title of Emperor

Tokio.—The posthumous title of "Emperor Taisho" has been conferred upon the late Emperor Yoshihito at an impressive ceremony in the Imperial Palace. Taisho is the name of the Emperor Yoshihito's era. The title was the last important ceremony before the funeral.

### Prominent Architect Dead

Ottawa.—Richard Colman Wright, chief architect of the public works at Ottawa, and a leading figure in his profession, is dead here after an illness of five weeks' duration. Death was due to paralysis. Mr. Wright was 65 years old and unmarried.

### Strong Arm of Fascisti

Rome.—Any seaman showing himself opposed to the present Fascist national government can be barred from the merchant marine for a period of five years, under a royal decree published here.

## Want H. B. Line Completed

### Resolution to be Introduced in Saskatchewan Legislature

Regina.—The completion of the Hudson's Bay Railway in 1927 with specific reference to Port Nelson as the terminus of the line, in the Saskatchewan Legislature must be the session just opened, according to notice of a resolution given by O. D. Hill, Government member for Melfort.

Mr. Hill announced that he would move the resolution in the following session.

"That in the opinion of this session, the construction of the Hudson's Bay Railway should be carried on without interruption, and that the line be completed to Nelson during 1927."

Notice of the introduction of seven bills, the recommendations of the special committee appointed to nominate standing committees for the session, and the report of the royal commission of highways and roads of the departments of highways and education were tabled and a dozen petitions for private legislation were presented and tabled.

Hon. T. C. Davis, Minister of Municipal Affairs will introduce bills to amend the Minimum Wage Act; Repealing Towns; To amend the Factories Act; To amend the School Assessment Act; and to validate certain tax sales.

## British Marines Are Sent to China

### Will Be Used for Defensive Purposes Only Says Official

London.—Scenes so familiar in the time of war a decade ago were re-enacted at Chatham when marines detailed for duty in China assembled to swear allegiance to the Queen.

Three hundred marines detailed to the station with full field equipment, headed by a regimental band, and were practically cheered by spectators.

They were joined by another 300 from Plymouth, Portsmouth supplying the remaining 600 necessary to make up the 1,000.

Official quarters again stood there as the men of the Queen's Guard, who had been so interested in a departure from the policy of "no aggression," in this connection The Star, a radical newspaper, says:

"It is intended to impress Eugene Chen, Chinese Foreign Minister, then it will be possible to justify such a demonstration. But a nation like ours cannot make a demonstration and end up back."

The Marines will sail for China next the end of the month, and according to the Government will use only for defensive purposes.

### Plan to Develop Cuban Trade

#### Minister of Finance Returns to Canada With Proposal

Ottawa.—A trade agreement between Canada and Cuba can result from the visit to Cuba of Hon. J. A. Robb, Minister of Finance.

Mr. Robb has returned to Ottawa, and it is understood he is preparing to discuss with his colleagues in the Canadian government the possible relations between the two countries. While in Cuba Mr. Robb held some preliminary discussions with members of the administration and the business and trade toward the idea of increasing trade with Canada. Cuba now gives preferential tariff rates to the United States, but there is a feeling that without disturbing that preference, much can be done to develop Cuban trade.

During Mr. Robb's absence from Ottawa, Premier King had charge of the Finance Department.

### War Enlistees Veteran

Ypres, Ind.—Thomas O'Day aged 33 years, who is thought to be the last of the band who took part in the battle of Balaclava, immortalized in "Verney's" "The Charge of the Light Brigade," died here, Mr. O'Day was the last important ceremony before the funeral.

### Influenza in Britain

London.—Three hundred and forty-six deaths from influenza in England and Wales during the week and beginning January 14, were recorded in statistics published by the ministry of health. One hundred and thirty-seven died in London.

### Bringing Home the Bacon

All instances of bacon and ham have at some time or other been elected as maceos. Plus a rule are never elected to such a position of honor, but the man in the photograph is an exception. While Miss Evelyn Evans of Brooklyn, voyaging around the world on the Canadian Pacific flagship Empress of Scotland, was on a shopping tour in Funchal, Madeira, she thought this domineering pig fellow passengers promptly elevated the animal to the position of a cruise mascot of the Empress of Scotland. And now the poor swine is "telling the air" of foreign ports in the four corners of the earth before the Empress sails back to America from her 30,000 mile voyage.

## Conferring of Titles

### Discussion is Underway by Suggestion Made by Premier Ferguson

Toronto.—Considerable discussion has followed the suggestion made by Hon. Howard Ferguson, prime minister of Ontario, at the banquets in honour of the Lieutenant-Governor of Alberta, in the House of Commons should remove the ban placed on the conferring of His Majesty's gift for distinguished service in responsible positions like that recently vacated by Mr. Cockshut, who suggested that he be allowed to do so.

"That in the opinion of this session, the Hudson's Bay Railway should be carried on without interruption, and that the line be completed to Nelson during 1927."

Notice of the introduction of seven bills, the recommendations of the special committee appointed to nominate standing committees for the session, and the report of the royal commission of highways and roads of the departments of highways and education were tabled and a dozen petitions for private legislation were presented and tabled.

Hon. T. C. Davis, Minister of Municipal Affairs will introduce bills to amend the Minimum Wage Act; Repealing Towns; To amend the Factories Act; To amend the School Assessment Act; and to validate certain tax sales.

### U. S. A. Would Widen Sphere of Its Influence

#### Advocates the Grading at Stockyards by Federal Graders

Montreal, Que.—Who "Covered" Several Years, Dies in London

Montreal, Que.—Major Thomas, naval correspondent, died recently after several weeks illness.

He was born in Galway, Ireland, 57 years ago, and after an education which included study in the languages, embarked on his journalistic career with the Courier Australasian of Sydney, N.S.W., in 1892.

He was corresponded during the Boer War, the London and Paris peace conference, and the Macmillan Commission.

The proponents of national solidarity generally agreed that the farmers of Canada should be trained to develop a regional program and activities and enter upon a broader understanding, which would provide greater uniformity of action and enable the individual agriculturist to introduce the influence of federal matters to which the importance of their industry was entitled.

Shortly after the convention had adjourned, the Canadian government, H. W. Ferguson, who had recently been appointed to the presidency of the U.F.A. for a twelfth successive term, indirectly drew attention to be possible consequences of overhauling the development of the Canadian agriculture in the junior branch, which did not appear to be the most desirable thing.

"I don't think any real or serious damage has been done, but unless we avoid this policy of action, H. W. Ferguson will be responsible for the presidency of the U.F.A. for a twelfth successive term, indirectly drawing attention to be possible consequences of overhauling the development of the Canadian agriculture in the junior branch, which did not appear to be the most desirable thing."

"I don't think any real or serious damage has been done, but unless we avoid this policy of action, H. W. ## Employment Situation Improved Last Year

### Statistics Show Greatest Expansion of Any Year Since 1922

Ottawa—Employment as reported by employers in Canada to the Dominion Bureau of Statistics during 1926 was the greatest expansion than in any other year since 1922.

There was almost uninterrupted expansion on a large scale from early January until the first of October, when the number of employed persons were at their maximum.

Victoria—Abolition of the Dominion Grain Standards Board, as at present constituted, and the creation of a new body, affording equal representation of the producer and the grain trade in the three prairie provinces, was the greatest expansion of any year since 1922.

Edmonton—Abolition of the Dominion Grain Standards Board, as at present constituted, and the creation of a new body, affording equal representation of the producer and the grain trade in the three prairie provinces, was the greatest expansion of any year since 1922.

Calgary—Abolition of the Dominion Grain Standards Board, as at present constituted, and the creation of a new body, affording equal representation of the producer and the grain trade in the three prairie provinces, was the greatest expansion of any year since 1922.

In 1926—Employment as reported by employers in Canada to the Dominion Bureau of Statistics during 1926 was the greatest expansion than in any other year since 1922.

The 1926 crop was the best ever harvested, and the amount of grain produced was the largest in any year since 1922.

Victoria—Major Lyons, who was a member of the Canadian delegation to the League of Nations, has been appointed to the Canadian delegation to the League of Nations.

Edmonton—Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Calgary—Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Victoria—Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Edmonton—Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Calgary—Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Victoria—Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Edmonton—Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Calgary—Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

## WOULD ABOLISH DOMINION GRAIN STANDARDS BODY

### Edmonton—Abolition of the Dominion Grain Standards Board, as at present constituted, and the creation of a new body, affording equal representation of the producer and the grain trade in the three prairie provinces, was the greatest expansion of any year since 1922.

Victoria—Abolition of the Dominion Grain Standards Board, as at present constituted, and the creation of a new body, affording equal representation of the producer and the grain trade in the three prairie provinces, was the greatest expansion of any year since 1922.

Edmonton—Abolition of the Dominion Grain Standards Board, as at present constituted, and the creation of a new body, affording equal representation of the producer and the grain trade in the three prairie provinces, was the greatest expansion of any year since 1922.

Bitter criticism was directed against the work of the existing standards board and the claim was made that the work of the existing standards board was not up to the mark.

The federal government will be asked to effect the suggested reorganization in sufficient time to permit the new board to function in settling the standards for the 1927 crop.

Advocacy of the proposed reorganization alleged that the existing standards board had not conducted a full scale of operations in the prairie provinces and that they could not be applied to a fair volume of the wheat grown in the prairie. It was suggested that any new standards board should be composed of representative samples from the various parts of Alberta in reaching a 1927 standard, so as to insure adequate protection for the producers of the prairie.

## Canada Should Share British Navy Burden

### Resolution is to be Held Before B.C. Legislature

Victoria—Major Lyons, resolution urging the Canadian government to share the cost of the defense of the Empire will be introduced into the legislature this session by Major Alan Lyons, Conservative, Victoria.

Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

Major Lyons said he had been chosen for the Canadian delegation to the League of Nations because he was a member of the Canadian delegation to the League of Nations.

**CHANGE IN MINES BRANCH**  
John T. Stirling, chief mine inspector of Alberta, who has for some years also been filling the position of chairman of the workers' compensation board, has retired from his position with the mines branch and will devote his whole time to the work of the compensation board. The selection of a new chief inspector of mines is now having the attention of the government.

## F. V. SISSON "THE SAVOY CAFE"

Still Carries a High Class Line of Confectionery and Tobacco Supplies

Orders for Flowers and Plants will receive prompt attention.

Soft Drinks and Ice Cream now on hand.  
**Phone 22**

**CHANDLER!**  
STANDARD SIX SEDAN DE LUXE  
Fully Equipped  
Price \$1725.00 f.o.b. Calgary.

**Oil Changes Infrequent on Chandler**

High pressure motor lubrication, together with the oil filter and air cleaner on the 1927 Chandler, make frequent oil changes unnecessary for Chandler owners. In fact, it is only necessary to change oil a few times a year, states Chandler service executives, and not every 500 miles as most motorists are accustomed to.

**E. F. CRAWFORD, Champion.  
DEALER**

### Alston News

W. M. Isanson, president of the Alston local attended the U.F.A. convention at Edmonton last week. Mr. Isanson gave a report of the convention at the U.F.A. meeting on Tuesday night, January 25. As usual the local intends handling feed and seed oats. Good prices were quoted at the meeting.

A lecture on soil drifting and agriculture work at Alston created great interest. Mr. Frong who represents the provincial government attended to the soil question, Mr. Palmer of the dominion government spoke on the agriculture question.

Music was furnished by the Nigh Hawk's. Supper was served after the meeting.
